Subject: Invitation for a coronavirus vaccination

Dear <<initials>><<name>>,

This letter is an invitation for you to get a coronavirus vaccination. Your age may cause serious illness if you contract the coronavirus, even if you feel completely healthy. This coronavirus vaccination will better protect you against serious illness caused by the coronavirus. Whether you want to have this vaccination is up to you.

Making an appointment

You can make an appointment with the GGD to get the coronavirus vaccination. Vaccinations are administered from 16 September up to and including 6 December 2024. The vaccination is free of charge.

- You can make your appointment on www.planjeprik.nl. You will need your DigiD for this.
- If you do not have a DigiD, call the GGD on 0800-7070 during office hours. Make sure to have your Citizen Service Number (BSN) ready.
- If you want to come to the appointment with someone who is also eligible for the coronavirus vaccination, go to www.planjeprik.nl/afspraak

If you cannot come to the vaccination location by yourself or there is nobody who can take you, call 0800-7070 to ask if you can be vaccinated at home.

Coronavirus vaccination in a healthcare institution

If you live in a healthcare institution, you will have the coronavirus vaccination there. The healthcare institution will give you more information on this.

How to prepare for your appointment

- After you made the appointment, the GGD will send you a confirmation by e-mail with important information about your appointment. Read this information carefully.
- This letter also includes a questionnaire with questions about your health. Please complete the questionnaire at home in advance and take it with you to the appointment.

Please turn over

More information is provided on the information sheet attached. Any further questions?
Visit rivm.nl/coronaprik or call 088 6 89 89 89.

Kind regards,
